

Dear you,

The KaosPilots are in a luxury position every year when we choose out or new students, but it is also very hard for us to select. The reason is that all people applying for the school are interesting and bright people with interesting profile for the school, and if we could we would offer a position to almost all the applicants.

If you plan to apply for the KaosPilots, and want to prepare for it, we would recommend you to check out Brandbjerg Høyskole: <https://brandbjerg.dk/>  
This school has courses that are related and similar to some of the education at the KaosPilots, see: <https://brandbjerg.dk/hoejskoleophold/eventlab/>

We as a school can warmly recommend Brandbjerg, it will give you both a “tast” of what the KaosPilots are about, and it will give you experience that might help you to get into the KaosPilots. We know that the level of their classes and methods are very good. We can’t guarantee that attending at Brandbjerg will get you into the KaosPilots when you are applying, but we can guarantee that you will learn, grow and develop skills that will be useful no matter what you want to do in the future.

We wish you the very best.

Best regards  
Jon Tangen  
Teamleader  
KaosPilot
